2010 RISECCOLI HARVEST

(9th October 2010)

The 2010 harvest at RISECCOLI started on the 24th of September with the picking of the Merlot grapes. Then followed the Sangiovese, which was picked between the 2nd and the 4th of October, and then the Cabernet Sauvignon. The Petit Verdot was then finally picked between the 6th and 10th of October.

All of our varieties achieved optimal ripening this year. The Sangiovese and Petit Verdot attained a perfect balance between sugar levels, ripeness in tannins and polyphenols from the skins. This enabled long macerations (15-18 days) resulting in good structure and rich flavors in the wines.
